

# Project Manager Development Programme 1

This is a guide to the modules of the programme planned to run from January to October 2022. The programme consists of a suite of highly interactive, multimedia eLearning modules, plus trainer-led, live tutorial sessions. The latter will focus on deeper exploration of topics, case studies and opportunities to share real challenges with peers (note that each topic will run in online meetings with separate short sessions on different days). CPD points will be available for all programme activities.
